PROFESSIONAL SUMMARY

Frontend Engineer with 2+ years of experience developing dynamic, responsive web applications using React, HTML, CSS, and JavaScript. Adept at leveraging modern tools like Redux, Node.js, and MongoDB to create seamless user experiences. Proven ability to collaborate with teams and deliver scalable solutions that meet business needs.

SKILLS

- **Frontend:** HTML, CSS, JavaScript, React, Redux, Bootstrap, Material UI, Tailwind CSS
- **Backend:** Node.js, Express.js
- **Database:** MongoDB
- **Other Tools:** Git, REST APIs, Postman

PROFESSIONAL EXPERIENCE

Software Engineer

Red & White Multimedia, Gujrat.

Apr 2024 - Present, 10 mos

- Enhanced React applications with dynamic routing and API integration for seamless data flow.
- Collaboration with designers and backend developers to implement seamless integration of front-end components.
- Optimized performance and improved efficiency by using custom hooks and reusable components.

Frontend Engineer

muVerity Consultancy Services – Pune, India

August 2022 – Apr 2024, 1yr 8 mos

- Built dynamic web components using React, improving maintainability and scalability.
- Enhanced user experience by implementing state management and responsive designs.
- Improve the user experience with css libraries.

PROJECTS

Product Picker

- Built a product picker for Shopify apps with real-time search, pagination, and category/price filters, integrating Shopify API for fast and efficient data retrieval.

Star Wars API Integration

- Built an application using nested APIs to display planet details and resident data dynamically.

Note Keeper

- Created a feature-rich task manager with React, including add, update, and delete functionalities.
- Implemented state management for better task filtering and sorting.

Movie App (TMDB API)

- Developed a responsive movie web app with pagination (48K+ pages, 900K+ movies) and advanced filtering.
- Integrated real-time search for a seamless experience and optimized API for efficient data fetching.

EDUCATION

MERN Stack Developer - Trainee (Part-time)

Masai School – Remote

August 2021 – July 2022

Bachelor of Engineering (BE)

Sinhgad College of Engineering – Pune, India

2019 – 2022

SOFT SKILLS

- Excellent communication and collaboration skills
- Strong problem-solving abilities
- Attention to detail and code quality
